About

Hi! I'm Patricia

I am a professional & formed photographer in love with the art of telling stories.

With a background in cinema, my approach to photography is not just about capturing moments, but about creating meaningful memories that last a lifetime.

I find inspiration in art, cinema & nature, wandering through forest with my dog, and cherishing life's simple yet profound gifts.

My compromise:

To understand the meaning of your journey and capture your story with care and personalised for you.

Philosophy & Style

Is true each photographer have its own way to look, which is what makes them different. Their approach varies from how they capture light and color to their post-production techniques and the way they document each moment.

In my case, I am a deeply romantic person, influenced by my cinematic background and inspired by the adventurous, nerdy movies of my childhood.

I have developed my own color grading style, which I adapt to each story as needed. I believe the style is something alive and in constant evolution, and I stand by the idea that every person is different and every love story is truly unique.

I like to capture people as they truly are and how they feel. I follow a transparent, honest, and fair business policy in all aspects. Working with me means stepping into a safe space where you will always receive guidance in your best interest and feel free to be yourself without judgment.

As a result: Romantic, Natural & Meaningful photography.

“Patricia did an amazing job on our wedding and we had a another session after that in the Holyrood Park. Our pictures capture plenty of great moments. The nature in the background makes everything even more magical.”

M&L

A romantic wedding scene set in a lush forest. A man in a white shirt and dark vest is kneeling on a stone step, holding the hand of a woman in a long, light-colored, patterned wedding dress. They are standing in front of a large, rustic stone archway. The scene is bathed in warm, golden light, suggesting late afternoon or early morning. The background is filled with dense green foliage and trees.

A photograph of a wedding couple in a church. The bride is wearing a white dress and a long veil, and the groom is wearing a dark suit. They are standing in the aisle, embracing and kissing. The church has wooden pews with green cushions and large, arched windows. The lighting is warm and golden, suggesting late afternoon or early morning. The text is overlaid on the upper part of the image.

“The best and most talented photographer I've met in my life. She captured our wedding day and all the pictures are beyond beautiful. No words would suffice how stunning the photos are. Would definitely return to make another photo memories with her.”

faq's

Do you travel for weddings?

Yes! We follow you in your adventure!

However, it is important to understand that this journey means extra expenses for us, translated in an additional fee to the base price variable depending on the distance.

We don't charge a travel fee in our base in Edinburgh, Scotland or the surroundings of the Midlothian usual area & Glasgow, Perthshire or Stirling with the full day packs.

And also in our second base in Alicante, Spain.

Do you have a contract?

Yes,

You can find it in the PDF with the wedding questionnaire with all the terms and conditions for your trust and security. If something doesn't match with you, let me know, and we can arrange a fair agreement.

How many pictures do you give?

Every story is different; every story is unique.

It is not a set up number of pictures; always is variable depending on the things happening, the wish of the couple to be in front of the camera, or details to capture.

I do guarantee a +60/hour booked but I give everything that comes out well for your benefit without any kind of extra charge with full printing rights.

Workflow

Step 1: Plan

Save the date

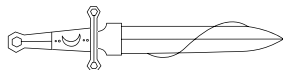

The first of our journey together is the confirmation of the booking.

For this it will need:

- *An email confirmation on date & pack to pgarrigosphoto@gmail.com*
- *The personal information is asked in the questionnaire.*
- *Payment of £150 booking fee*

You will receive an email confirmation with your booking details.

From this moment on, no other booking will be accepted. In your date guarantee, you will have exclusivity and care, and you will be free to contact me any time for any question you could have.

Our Meeting

The base for a care work is to know you and know the details that matter for you. This helps me to make it more personal, something I think is the key, especially in moments so important like your wedding.

Following this, I like to meet the couple before the wedding.

Personally, I like to do it in person and grab a cup of coffee in Edinburgh whenever possible. We can speak, leave nerves aside, know the details that matter for you and get confident.

But I can understand sometimes life gets busy, and if agendas are difficult to match or you live far away, it is possible to do it online through a Zoom call.

Few days before the date

Just before the wedding day, you will receive a timeline planning in base of the conversation from our meeting confirming any possible last-minute things.

Also will be the moment for the rest of the payment for more flexibility.

Step 2 : Enjoy the experience

Your Wedding day!!

Enjoy your day, get emotional, fall in love and create memories.
